

## **New Links Interface**

Glenn, Thursday July 24 2008 - 05:45:38 PM

The Links interface is in the process of changing. We are transitioning from the e107 Links plug-in to a custom del.icio.us interface. All the existing links are being transferred to the del.icio.us database. Until all the links are transferred, all the existing links are located in the Old Links menu.
